

How K-LOVE serves me as a resident of the local community:

I listen to K-LOVE constantly and urge others to listen to it. K-Love is the only station that I listen to during the day. It uplifts me and provides me the encouragement and motivation to get through the day. I would be very unhappy if it were displaced.

The effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming:

We promote K-LOVE in our Youth Ministry programs and encourage the teens to listen to K-LOVE. It provides an important positive evangelization tool in the community. It is a "uniting force" rather than a "dividing force" in our community.

Why I believe that the service provided by K-LOVE is in the public interest:

This station provides a positive influence and promotes great values. We need to promote these values, not do away with them! Also, the station provides prayers and counseling. People have documented the fact that K-Love has lifted them from despair and in some instances the counseling pastors have even kept them from doing something like committing suicide.
